- ID No.: parcel 400 1478/5, share 1/1

1.2 movable property listed in the inventory of movable assets attached to this auction notice.

2. Starting Price, Security Deposit, and the Amount by Which the Starting Price Is Reduced in Each Auction Step

The starting price for the entire subject of this auction amounts to **EUR 4.502.050,00 net and does not include VAT**, transfer tax and/or any other taxes or charges, all of which are borne by the buyer.

The buyer also bears the cost of NetBid GmbH, through which the online public auction with decreasing starting price will be conducted. This fee amounts to 8% of the net hammer price achieved at the auction.

The amount by which the starting price is reduced in each step of the auction is **EUR 100.000,00**.

The total security deposit therefore amounts to **EUR 225.102,50**.

Bidders must pay the security deposit no later than one working day before the auction into the bankruptcy debtor's transaction account: IBAN: SI56 6400 0000 0810 931, SWIFT: HKVISI22, held at PHV d.d., with the reference "security deposit for the entire property", in the amount of **EUR 225.102,50**.

Only those bidders who have paid the security deposit on time may participate in the auction, meaning that the deposit must reach the debtor's account at least one day before the scheduled public auction.

The paid security deposit constitutes, for the bidder who is successful at the auction, an earnest payment (deposit/earnest money) under Article 333(6) ZFPPIPP, signifying the conclusion of the sales contract.

If the successful bidder does not conclude the sales contract in accordance with point 5(iv) of this auction notice, the paid security deposit shall be considered a contractual penalty for failure to conclude the sales contract and shall be retained by the sellers (Article 334(9) in connection with Article 334(8) ZFPPIPP).

3. Conduct of the Public Auction

For the conduct of the public auction and the marketing of the assets (the subject of sale), the bankruptcy debtor has authorised **NetBid GmbH**, An der Mur 9, Straß, Styria, Austria (hereinafter: *NetBid GmbH*). NetBid GmbH will advertise the marketing of the debtor's assets on the website www.netbid.com.

The detailed rules of the public auction will be published by NetBid GmbH on the website www.netbid.com and are also attached to this auction notice.

The public auction will be conducted via the **online platform of NetBid GmbH** at www.netbid.com, which records every step taken by each bidder.

The public auction will start with the announcement of the starting price. If no bidder accepts the starting price, the auction will continue with steps of decreasing the starting price by **EUR 100.000,00**.

The insolvency administrator may stop the public auction after any step of price reduction.

The successful bidder will be the one who offers the highest price. If several bidders offer the same price, the successful bidder shall be the one who first submitted the highest bid. The online public auction ends with the publication of a notice of the conclusion of the online auction.

The bankruptcy debtor bears **no costs whatsoever** related to the sale via NetBid GmbH within the agreed scope of sale execution and asset marketing. The costs of NetBid GmbH are borne by the buyer, as set out in detail in point 2 of this auction notice.

4. Exercise of the Pre-Emption Right

A pre-emption right holder may exercise the pre-emption right exclusively in accordance with Article 347 of the ZFPPIPP, by:

- paying the security deposit for participation in the auction on time, in accordance with point 2 of this notice, and
- declaring at the auction that they are exercising the pre-emption right, signing the sales contract, and paying the full purchase price within 15 days after the conclusion of the sales contract.

If a pre-emption right holder is registered as a bidder and their offer at the end of the online public auction is not the most favourable, or if their offer at the end of the online public auction *is* the most favourable but other pre-emption right holders are also registered, all registered pre-emption right holders shall, immediately after the conclusion of the online public auction, be invited to declare within **fifteen (15) minutes** after the end of the online public auction—by sending a message to **weiksler@netbid.com** and **petra.pavlicic@upraviteljica.si**—whether they wish to purchase the subject of sale under the same conditions as the highest bidder.

If none of the registered pre-emption right holders exercises the pre-emption right within the time limit referred to in the preceding paragraph, the online public auction is concluded with the publication of the notice of the end of the auction.

If one of the registered pre-emption right holders exercises the pre-emption right within the time limit referred to in the second paragraph of this article, the auction will, due to the exercise of the pre-emption right, continue **between the highest bidder and the pre-emption right holder**, but **not** as an online public auction. Instead, it will continue **in person on 13 February 2026 at 10:00** at the premises of the bankruptcy debtor, Rajšpova ulica 16, 2250 Ptuj.

At the continuation of the interrupted auction, the following may be present and may continue bidding: the bidder who offered the highest price and the pre-emption right holder(s) who declared, prior to the interruption of the auction, that they were exercising the pre-emption right.

If any of the above-mentioned entitled persons is not present at the continuation of the auction, it shall be deemed that they have offered the price they had offered before the interruption of the auction.

The auction will continue in accordance with Article 347(2) ZFPPIPP as a **public auction with increasing starting price**. The starting price will be increased in each step by **EUR 10,000.00**.

If the pre-emption right holder who is successful at the auction does not conclude the sales contract in accordance with point 5(iv) of this auction notice, the paid security deposit shall be considered a **contractual penalty** for failure to conclude the sales contract and shall be retained by the sellers (Article 334(9) in connection with Article 334(8) ZFPPIPP).

5. Other Conditions of Sale in Accordance with Articles 337 to 343 of the ZFPPIPP:

i. The buyer may not be a person with whom a contract may not be concluded under Article 337 of the ZFPPIPP, except where the buyer is a pre-emption right holder exercising the statutory pre-emption right in accordance with the ZFPPIPP. The buyer must submit a written declaration, prior to the conclusion of the sales contract, confirming that no obstacles under Article 337(1) of the ZFPPIPP exist for the conclusion of the contract.

ii. If a third person bids on behalf of the security deposit payer, such person must present an appropriate power of attorney to the insolvency administrator. Such an authorised representative is entitled to bid and to sign the auction record on behalf of the deposit payer, but **may not be the buyer** or the signatory of the sales contract.

iii. By paying the security deposit, the bidder fulfils the conditions for participation in the public auction.

A bidder who is not successful at the public auction shall receive a refund of the security deposit within three (3) working days after the conclusion of the public auction, without interest, into the account from which the deposit was paid. The successful bidder shall not receive the security deposit back; instead, it shall count as an earnest payment (deposit) upon signing the sales contract, in accordance with point vi of these terms of sale.

iv. The sales contract between the bankruptcy debtor and the buyer shall be concluded no later than three (3) working days after the end of the auction. If the successful bidder does not sign the contract within 3 days after the auction, they must pay the sellers a contractual penalty equal to the amount of the security deposit, for failure to fulfil the obligation to conclude the sales contract.

v. The contract shall be concluded under a **suspensive condition** that the court grants its approval, and under a **resolutive condition** that becomes effective if the court refuses to grant approval to the sales contract.

vi. In accordance with Article 333(6) of the ZFPPIPP, the payment of the security deposit by the buyer who concludes the sales contract shall be deemed an earnest payment signifying the conclusion of the sales contract.

vii. The deadline for payment of the purchase price shall not exceed **three (3) months** from the conclusion of the sales contract.

viii. The bankruptcy debtor shall not be liable for any material defects of the assets that are the subject of the sale.

ix. All taxes and all costs related to the transfer of ownership are not included in the price and are the obligation of the buyer. The buyer shall also bear the cost of drafting the sales contract in the amount determined by the applicable Attorney Tariff.

x. The sale is conducted under the principle **“AS SEEN – PURCHASED.”** By participating in the auction, the buyer confirms familiarity with the auctioned assets as well as with the auction rules and conditions. Potential buyers may inspect the auctioned assets and the accompanying documentation prior to the public auction; therefore, any complaints related to lack of knowledge of the assets or missing documentation shall not be taken into consideration.

xi. The buyer shall bear their own costs related to participation in the public auction.

xii. Upon the transfer of ownership, all third-party rights over the property that is the subject of the sale, as listed in Article 342(1) of the ZFPPIPP, shall cease.

5. Date and Time of the Auction

The public auction will be conducted online on **10 February 2026 at 10:00**.

6. Location and Time for Viewing the Assets Offered for Sale

All information regarding the subject of sale is available to interested buyers from the representative of NetBid GmbH, **Mr. Aleš Weiksler**, on any working day by telephone at **+386 40 515 140**, by email at **weiksler@netbid.com**, or on the website <http://www.netbid.com>.
